

Series: <b>NKZ</b>	Discharge Bore: <b>80 - 150mm</b>	Motor Output / Pole: <b>2.2 - 11kW / 4-pole</b>
-----------------------	--------------------------------------	--

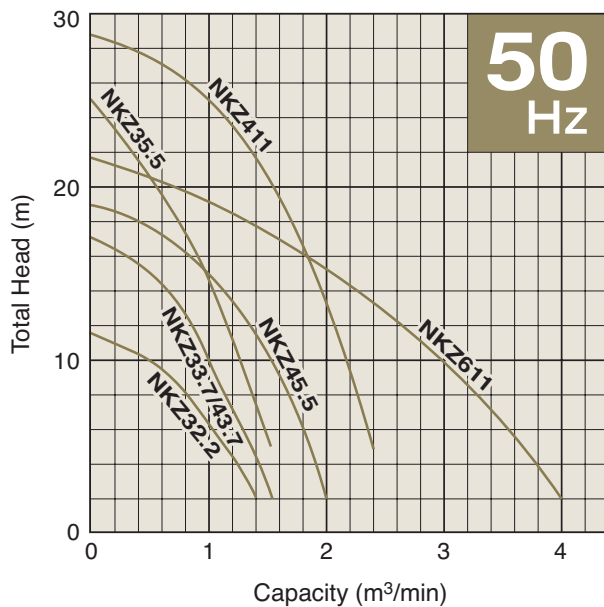

The NKZ-series is a submersible three-phase cast iron heavy-duty slurry pump driven by a 4-pole motor. It is equipped with an agitator that assists smooth suction of settled matters. The side discharge, spiral design allows smoother passage of the sucked solid matters. The motor is cooled by a water jacket that assures efficient motor cooling even when it operates with its motor exposed to air.
