SETHCO HAND FLOW REGULATORS

SAFE • LEAKPROOF • AUTOMATIC FLOW CONTROL

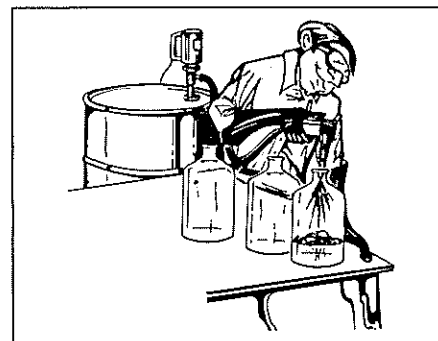

CORROSION RESISTANT GLASS REINFORCED POLYPROPYLENE CONSTRUCTION

The easy-squeeze hand lever permits controlled flow of acids, alkalies, agricultural, industrial and sensitive solutions. In conjunction with any suitable pump, the Sethco Hand Flow Regulator has many liquid flow control uses for safety, efficiency and economy. Molded of solid high-strength polypropylene, the handy nozzle defies rough usage and is resistant to the roughest of corrosive liquids. Comes complete with adapters for 3 sizes of hose $\frac{1}{2}$ ", $\frac{3}{4}$ ", and 1" plus 10 ft. of $\frac{1}{2}$ " Sethco Nylon-Reinforced Vinyl Hose, ready for immediate use.

*use it on your
pump discharge*
